

Project Manager

STIWA US INC.

Rock Hill, South Carolina

We are seeking a skilled and experienced Project Manager to join our team. In this role, you will be responsible for managing our Automation Machine Projects. This position offers a great opportunity to expand your skills and make a meaningful impact within a dynamic, innovative manufacturing environment. You'll be part of a forward-thinking team, driving cutting-edge automation solutions.

» Your Duties

- Lead the entire scope of a project from conceptualization to customer acceptance.
- Create concepts, machine layouts, quotations and FMEA's.
- Manage the internal project team (Design, Controls Engineering, Mechanics and Electricians and SCM).
- Conduct internal (FAT) and external (SAT) machine acceptances.
- Project controlling (Budget, Milestones, Deadlines).
- Address internally and externally driven project deviations and adjust schedules and budgets accordingly.
- Coordinate Project meetings (Kick-off, Project strategy, Regular status meetings, customer meetings).

» Your Profile

- Technical education, preferably in engineering / automation / manufacturing / machine building.
- 0-5 years of experience in an engineering / automation / manufacturing / machine building environment.
- Basic knowledge of CAD desired.
- Passion for challenging technical and commercial tasks.
- Willingness for domestic and international business travel.
- Excellent communication skills with customers and suppliers.
- Assertiveness, decision-making skills, and a willingness to take ownership.

» Our Offer

- We offer competitive pay and an exciting, versatile job opportunities while working with a motivated international team in a family-owned business.
- Ample benefits (Health insurance package, 401k, more) after 2-month probation period.
- Paid vacation: 15 days with growth to 25 with tenure.
- Pathway to future leadership opportunities.
- Pay is determined by experience, beginning at \$72,500.
- Flexible schedule: Full-time, Monday–Friday (40 hours/week)
